Grades 4, 5, and 6 Traveling Basketball

Dear Parents,

Girls in grades 4-6 have the option of playing traveling basketball. **(This is optional)** You certainly don't have to send your daughter to tournaments and some players may not be ready for that type of competition. There will be an additional fee of \$60.00 if your daughter would like to participate in our traveling basketball program. This is a fee above the cost of Saturday Basketball and is not included in the \$100.00 Family Max. Plan. This money will be used to offset the cost of tournament entry fees.

Parents will be responsible for transportation to and from tournaments. All of the tournaments are in area towns. We try to stay as close to home as possible. **There will be some extra practices set for traveling teams. Traveling team players must participate in the Elementary Basketball Program to be eligible to play on our traveling team. Participation requires a commitment to your team and players should be available for most of the practices and tournaments. Our traveling basketball program may run as late as March.**

Again, these are competitive tournaments and playing time **may not** be equal. Games are short and it can be difficult to get every player quality playing time. For this reason, I recommend taking no more than 8 to 10 girls to a tournament. Once we know how many girls are playing, we will make teams and get signed up for some tournaments. I do not have a schedule for tournaments yet as most of them are not posted.

If you have any questions you may call or email me. I have talked with some parents about coaching at these grade levels. Again, if you are willing to help coach either Saturday mornings, traveling basketball, or both, please let me know.

Go Lakers!
